

# TIMBER MASTER TK™ COLLECTION

The TIMBER MASTER TK™ band saw blade collection covers a wide range of wood cutting applications. All blades are made of overwidth stock, which gives higher beam strength for fast, true cuts. All blades are factory set and delivered “ready-to-run” out of the box. Any TIMBER MASTER TK™ blade can be resharpened for extended life and optimal cost effectiveness.

## TIMBER MASTER TK™ CT Carbide Tipped

This is the ultimate cutting tool for resawing hard and abrasive wood species. The precision ground cutting surfaces provide fast, smooth cuts. As in all mill type operations, for optimum life, care must be taken to be sure the wood is free from metal contaminants, such as nails, fence wire, bullets, etc.

Width x Thickness		T.P.I.	Style	Item No.
Inches	mm			
1-1/2 .050	41 1.27	1.7/1	TRIPLE CHIP	943133
2 .062	54 1.60	1.7/1	TRIPLE CHIP	943172

Available in coils and welded to length.

## TIMBER MASTER TK™ B M42 Bi-Metal

This is an excellent heavy duty blade for production wood cutting. An Rc hardness of 67 on the tooth edge provides long blade life, especially for cutting abrasive, exotic wood species. As in all mill type operations, for optimum life, care must be taken to be sure the wood is free from metal contaminants, such as nails, fence wire, bullets, etc.

Width x Thickness		T.P.I.	Set	Style	Item No.
Inches	mm				
1-1/4 .042	34 1.07	1	RAKER	HOOK	925310
1-1/2 .050	41 1.27	1	RAKER	HOOK	925320
2 .050	54 1.27	1	RAKER	HOOK	925329
2 .063	54 1.60	1	RAKER	HOOK	925330

Available in coils and welded to length.

## TIMBER MASTER TK™ C Carbon

### HARD EDGE, FLEX BACK

This is a good general-purpose blade for smaller saws and resaws. The 32 Rc hardness of the backer provides long fatigue life for multiple resharpenings and economical saw operations.

Width x Thickness		T.P.I.	Tooth Spacing	Style	Item No.
Inches	mm				
1 .035	27 .90	1.3 2	3/4" 1/2"	HOOK HOOK	911457 911460
1 042	27 1.07	1.2 1.3	7/8" 3/4"	HOOK HOOK	911458 911461
1-1/4 .042	34 1.07	1 1.2 **1.2 1.3	1" 7/8" 7/8" 3/4"	HOOK HOOK HOOK HOOK	911466 911464 916044 911463
1-1/2 .050	41 1.27	1 1.2 **1.2	1" 7/8" 7/8"	HOOK HOOK HOOK	911469 911471 911465
2 .050	54 1.27	1	1"	HOOK	911476

\*\* **Heavy Set**

Available in 250' coils and welded to length.

### HARD EDGE, HARD BACK

A good general purpose blade intended for larger saws cutting more difficult wood species. The 45 Rc hardness of the backer provides a stiffer cutting tool, where true cutting is a key priority.

Width x Thickness		T.P.I.	Tooth Spacing	Style	Item No.
Inches	mm				
1 .035	27 .90	1.3 2	3/4" 1/2"	HOOK HOOK	914477 914480
